SILEXA KEG SWITCHER

THE KEG SWITCHER ELIMINATES THE STRESS OF CHANGING KEGS, ENSURING A SEAMLESS AND UNINTERRUPTED BEER SUPPLY FOR YOUR DISPENSING SYSTEM.

KEG CHANGE WITHOUT EFFORT, BEER NON-STOP

The fully automatic system seamlessly switches between empty and full kegs while keeping the lines foam-free, ensuring complete visibility and eliminating downtime. This saves valuable time, boosts your beer sales, and ensures efficient dispensing logistics, so you can focus on providing excellent service to your customers.
