

SILEXA SELF-SERVE HUB

THE SILEXA SELF-SERVE HUB OFFERS A FLEXIBLE, USER-FRIENDLY SOLUTION FOR SELF-SERVICE AREAS IN HOTELS, RESORTS, AND OFFICES, ALLOWING GUESTS TO SERVE THEMSELVES EASILY.

SELF-SERVICE REDEFINED

With an intuitive touchscreen, QR code, and RFID combo reader, it allows guests to easily grab coffee, snacks, or beverages. The system connects to HMS and PMS software via LAN or WiFi, and billing is automatically processed through the room charge. Whether it's espresso machines, vending machines, or dispensing systems - the SILEXA Self-Serve Hub integrates everything into a clear and efficient platform.
