

SILEXA DIGITAL LENS

THE DIGITAL DISPLAY MODULE FOR THE DISPENSING AREA SHOWS PROMOTIONS OR ADS RIGHT AT THE POUR POINT, INSTANTLY GRABBING EVERY GUEST'S ATTENTION.

ATTENTION WHERE IT MATTERS MOST

The SILEXA Digital Lens brings your promotions and brand content directly to the pour point — right where every guest's attention naturally falls. Simply load videos or images via USB stick and the vibrant 3.4" round display starts playing immediately, no network or cloud connection required. Whether seasonal campaigns, daily specials or brand visuals: the Digital Lens turns any dispensing tower into a targeted communication channel.
